Fratelli Tutti

Fraternal Love and Social Friendship

Pope Francis wants us to build a better world based on fraternal love.

He wants us to work together towards a shared dream for the future of our global family. A world where we take time to stop and listen to one another.

We need to see each other not as competitors but as one global family – connected.

Laudato Si

Caring for our Common Home

Pope Francis has asked us to protect the Earth, our common home. It is God’s gift to us, full of beauty and wonder.

He wants us to work together as one whole human family.

He asks us to take simple environmental actions so that we care for each other by caring for our common home and thereby each other.

Love Generously
in community

It was great to reconnect in a way that we haven't been able to do so in such a long time.

Singing Christmas Carols.

Our local care home loved the link we sent. It is part of a continuing tradition, to reach out to those in our community at a time when they may feel vulnerable.
