## Fratelli Tutti

Fraternal Love and Social  
Friendship

Pope Francis wants us to build a better world based on fraternal love.

He wants us to work together towards a shared dream for the future of our global family. A world where we take time to stop and listen to one another.

We need to see each other not as competitors but as one global family – connected.

## Laudato Si

Caring for our Common Home

Pope Francis has asked us to protect the Earth, our common home. It is God’s gift to us, full of beauty and wonder.

He wants us to work together as one whole human family.

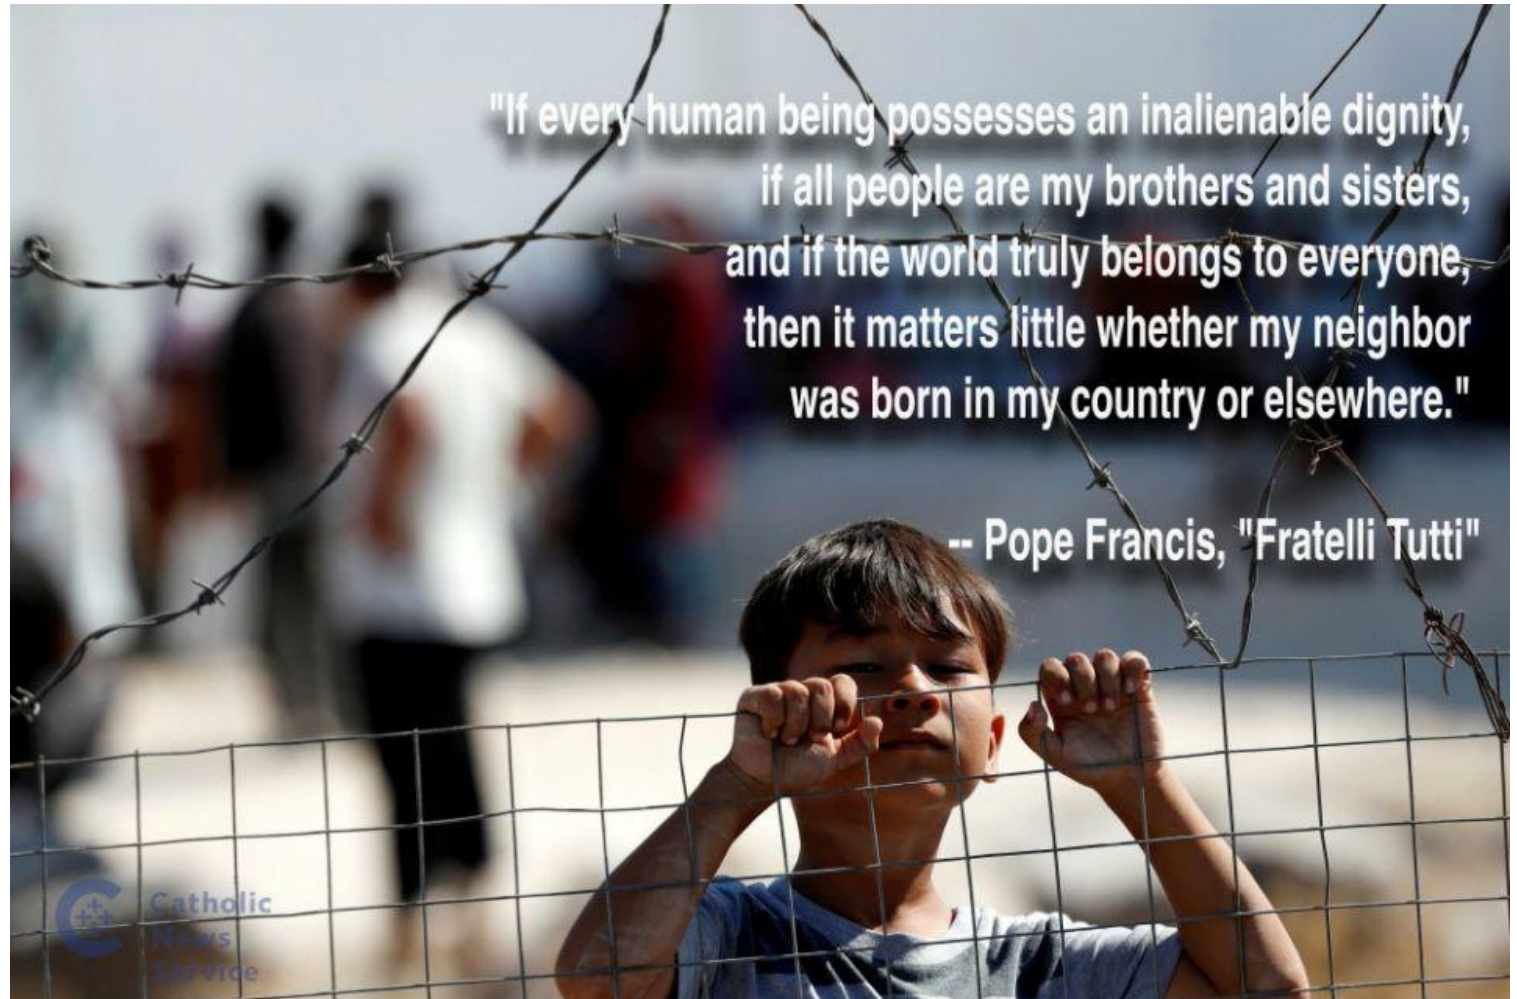

He asks us to take simple environmental actions so that we care for each other by caring for our common home and thereby each other.

This year we have pulled together as a community as we deeply felt the passing away of our very special headteacher – Miss Peacock.

We took time as a community to heal and as part of that process we came together to celebrate her life and all that she did for us a school. this year.

We invited our  
whole school  
community to  
remember her as  
we released  
bubbles together.

We shall always  
hold her in our  
hearts.

## Wavertree Wildflower Garden

This term we had the amazing opportunity to take part in a work shop at our local Wavertree wildlife garden. It allowed us to see the beauty of nature that had been developed only recently, right on our doorstep! Such a fantastic range of plant and animal species were discovered

Love Generously

As the year has drawn to a close we say a farewell to our wonderful year 6.

We did so by celebrating all their talents in a fantastic production.

We are saddened to see them go, however are certain that they will take with them the true spirit of Our Lady of Good Help.

We know that  
they take with  
them the  
knowledge  
that they are  
loved by God.

We know that they will carry with them the strength of faith, to live wisely, think deeply and love generously in all that they do in their futures.
