Fratelli Tutti

Fraternal Love and Social
Friendship

Pope Francis wants us to build a better world based on fraternal love.

He wants us to work together towards a shared dream for the future of our global family. A world where we take time to stop and listen to one another.

We need to see each other not as competitors but as one global family – connected.

Laudato Si

Caring for our Common Home

Pope Francis has asked us to protect the Earth, our common home. It is God’s gift to us, full of beauty and wonder.

He wants us to work together as one whole human family.

He asks us to take simple environmental actions so that we care for each other by caring for our common home and thereby each other.

“God enters the temple not as a powerful ruler but as a little child in his Mother’s arms. The King of glory comes not with a show of human force and power, not with a great fanfare and noise, not causing fright and destruction. He comes into the temple as he came into the world, as an infant in silence, in poverty, and in the company of the poor and the wise.” – Pope John Paul II
