“Like Our Lady,
we live wisely, think
deeply and love
generously,
in Christ”

This Week's Gospel

.....

John 2:13-25

Destroy this sanctuary and in three days I will raise it up

Just before the Jewish Passover Jesus went up to Jerusalem, and in the Temple he found people selling cattle and sheep and pigeons, and the money-changers sitting at their counters there. Making a whip out of some cord, he drove them all out of the Temple, cattle and sheep as well, scattered the money-changers' coins, knocked their tables over and said to the pigeon-sellers, 'Take all this out of here and stop turning my Father's house into a market.' Then his disciples remembered the words of scripture: Zeal for your house will devour me. The Jews intervened and said, 'What sign can you show us to justify what you have done?' Jesus answered, 'Destroy this sanctuary, and in three days I will raise it up.' The Jews replied, 'It has taken forty-six years to build this sanctuary: are you going to raise it up in three days?' But he was speaking of the sanctuary that was his body, and when Jesus rose from the dead, his disciples remembered that he had said this, and they believed the scripture and the words he had said.

During his stay in Jerusalem for the Passover many believed in his name when they saw the signs that he gave, but Jesus knew them all and did not trust himself to them; he never needed evidence about any man; he could tell what a man had in him.

@OLGHEYFS

What we've been learning...

In maths, the children have begun to learn number bonds to 10. They have taken part in lots of practical activities, singing songs, as well as using apparatus to show how they can make 10.

The children were so excited to go on a class trip to 'Imagine That' and were so well behaved. They had so much fun exploring lots of different science activities and experiments. They made snow, slime and magnets. They took part in dressing up activities and role play. They all said what a brilliant day they had.

#OLGHY1

What we've been learning...

This week in English, we have been learning about "Meerkat Mail." We've been retelling the story and creating story maps. We described the desert where Sunny lived. In maths, we completed our topic on addition and subtraction within 20. We've worked diligently on understanding fact families and related facts. In geography, we learned about the different flags of the countries in the UK..

We did a great job drawing and labeling the flags. In science, we are learning about different animals. This week, we discussed amphibians. We examined the various features of a frog and learned that amphibians live both on land and in water, possessing webbed feet. In RE, we learned a song about Lent. We have been reflecting on how Jesus went to the desert for 40 days.

#OLGHy2

What we've been learning...

In RE this week, we have come to the end of our topic about thanksgiving and the Eucharist Mass. We created our own prayers to give thanks to God. During music, we have been looking at the words tempo and dynamic and practised recognising them in pieces of music.

In maths, we have begun to look at array and how we can identify the multiplication sentences each one is showing. Our focus in gymnastics this week was how we travel across the room in a zigzag.

#OLGHy3

What we've been learning...

In English, we have been learning how to use a dictionary efficiently. We have had a really good homework response from children who have explored very interesting animals of choice. In maths, we did well using equivalent lengths to solve problems using addition and subtraction.

In science, we have been exploring how telescope's work. We created our own using magnifying glasses and tubes. In prayer and liturgy, we have been reflecting on how Jesus was transformed and how we too can be transformed in our actions during Lent.

#OLGHY4

What we've been Learning...

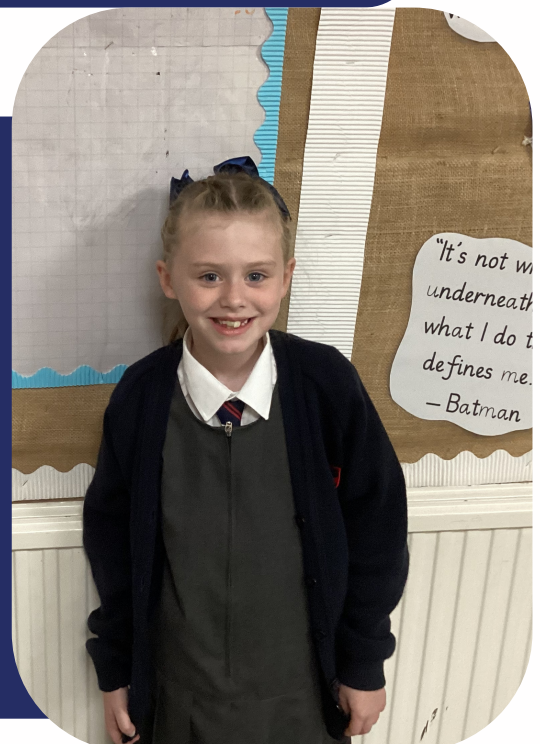

Year 4
24
O: PROGRAMMING A F1 RACE GAME IN SCRATCH

Year 4 have had another very good week and there has been a lot of great learning in our classroom. In maths, we are focusing on fractions, including mixed number and improper fractions, as well as counting in fractions and partitioning mixed numbers. In English, we have used our sentence stacking lessons to create poetry based on the poem 'I rise'.

In history, we have began our new topic, discussing the persecution of Christians in the Roman Empire. In geography, our new topic is tourism and we have looked at the seaside and all the tourism that happens at the seaside. In PE, we have continued our work on handball skills. In RE, we are continuing our work on Giving and Receiving topic and how we can follow in God's word.

#OLGHY5

What we've been learning...

What a great week we have had in Year 5! During our English lessons, we have been writing effective sentences for an adventure story using commas and semi-colons. In maths, we represented decimal numbers on a number line and we explored the value of each digit.

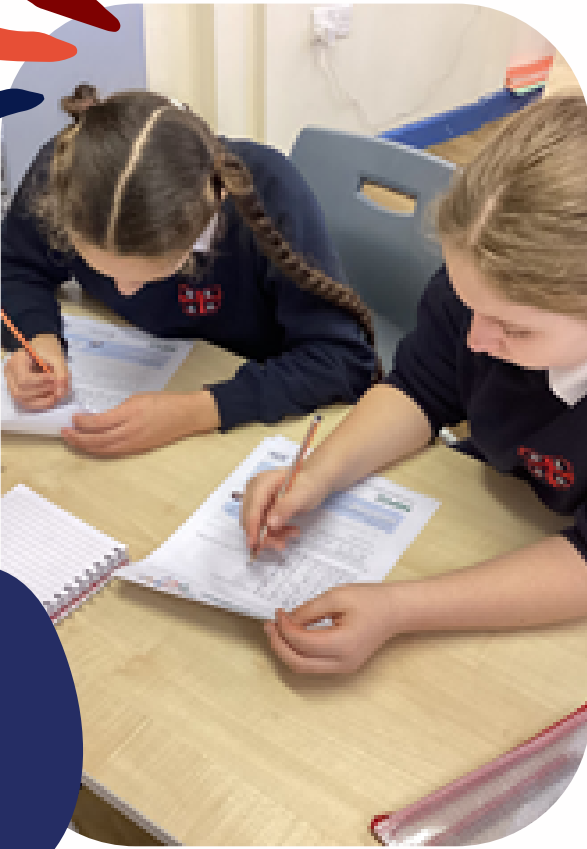

We started a new topic in geography about North and South America. We located the continents and also the surrounding oceans and seas on a map. In our DT lesson, we began designing our interactive storybooks based on a nursery rhyme. Next week, we will be celebrating World Book Day, we have got lots of exciting activities planned.

#OLGHY6

What we've been Learning...

Y6 has been working extremely hard in maths. This week, we have entered a new topic, finding out areas and perimeter of shapes. In English, we are coming to a close in our Everest write up and have been independently researching different mountains across the world. During Art, we are getting creative by making our own sculptures out of cardboard to represent our journey in school so far.

In PE, we have been practicing our teamwork skills and hand-eye co-ordination in bench ball. In history, we have been learning about the Lady of Mercia whilst we have been persuing our amazing migration topic in geography—even linking the two together!
