“Like Our Lady,
we live wisely, think
deeply and love
generously,
in Christ”

This Week's Gospel

'You are not far from the kingdom of God'

One of the scribes came up to Jesus and put a question to him, 'Which is the first of all the commandments?' Jesus replied, 'This is the first: Listen, Israel, the Lord our God is the one Lord, and you must love the Lord your God with all your heart, with all your soul, with all your mind and with all your strength. The second is this: You must love your neighbour as yourself. There is no commandment greater than these.' The scribe said to him, 'Well spoken, Master; what you have said is true: that he is one and there is no other. To love him with all your heart, with all your understanding and strength, and to love your neighbour as yourself, this is far more important than any holocaust or sacrifice.' Jesus, seeing how wisely he had spoken, said, 'You are not far from the kingdom of God.' And after that no one dared to question him any more.

Fundraising Raffle

Next week is the last week to purchase raffle tickets for this amazing prize!! I'm sure all you blues will want to enter! Tickets are 50p each and you can purchase as many as you like. You need to be in it to win it!

What we've been Learning...

Reception have started the topic 'Space' and have enjoyed learning about what food astronauts take to Space. In English, they have been learning the story 'Whatever Next.' They have been making their own rocket ships just like the character Baby Bear did in the story. They have re-told the story and used this to help them write their own sentences.

In maths, the children have been using their knowledge of shape to problem solve. They have been using shapes to make different shapes. They then used these to make their own rocket pictures.

#OLGHY1

What we've been learning...

This week, Y1 has been working hard to prepare for their phonics screening checks. We have had lots of fun playing phonics games such as phonics bingo. In English, we have been planning an alternative ending to the story "The Magic Paintbrush." We then wrote our own stories, which were amazing.

In maths, we have been learning about making equal groups and sharing equally. We have also started learning about fractions and recognising and finding shapes. This week, we had our final cricket lesson with Lancashire Cricket Club. We have learned many skills such as batting and fielding. In geography, we have compared the weather in coastal and inland areas.

#OLGHY2

What we've been learning...

This week, we have begun a new topic in writing which is based on the book 'The Day the Crayons Quit'. After hearing the story, our own colouring pencils quit! We need to write them a letter persuading them to come back.

During maths this week, we have continued our work on fractions and learnt how to recognise and find three quarters. To begin our new RE scripture, we have learnt about the parable of the Good Samaritan and then used it to create our own artwork representing the story.

#OLGHy3

What we've been learning...

In English, we have been thinking about the emotions of our main characters. We have been developing how to use direct speech in our writing. In maths, we have started to learn about angle turns. In history, we have been learning about the design of ancient Greek buildings. We enjoyed drawing these and identifying the different types.

In PE, we took part in a special cricket session. We were great at developing our fielding and batting skills. We are making great progress in our swimming – we learnt all about water safety and entered the water in our pyjamas.

What we've been learning...

What a great start to this half term in Y4, Y5 & Y5! Some of us have had a brilliant time on our residential trip to CHET. We took part in lots of fun activities during the three days including archery, yoga, abseiling and pottery. We also developed our teamwork skills by building dens with large sticks and logs in the forest. We really enjoyed the rafting activity involving working together to capture the flags.

The children who have been in school have enjoyed completing a DT project. We created recipes and made some delicious smoothies. We also designed the logo, packaging and a slogan for our new products as well as some other exciting lessons like cricket and learning the ukulele!
